

Lustrolite[®]

High Gloss Acrylic Panels

lustrolite.com

EGR
DECOR

Combining its beautiful ripple free, highly scratch resistant surface with magnificent panel depth and light weight, Lustrolite® is a vastly superior alternative to tiles, glass and many other decorative materials.

- ▷ Brilliant mirror reflection
- ▷ Installs 3 x faster than tiles
- ▷ Significantly less expensive than equivalent glass products
- ▷ Effortless to clean due to its advanced surface coating
- ▷ Half the weight of equivalent glass yet up to 20 times stronger
- ▷ Very hygienic as the surface won't harbour the build up of mould and bacteria

Lustrolite is perfect for many vertical surface applications including:

Feature Panels	P 1 - 2
Retail	P 3 - 4
Bathrooms	P 5 - 6
Writable Walls	P 7 - 8

Feature Panels

A hand holding a white marker is positioned in the foreground, pointing towards the text 'Share Ideas'. The background is a cafe interior with walls covered in hand-drawn graffiti. The graffiti includes phrases like 'HAVE a seat', 'GOOD MORNING', 'BON APPÉTIT', 'LOVE WHAT YOU DO', 'HAPPY TIME', 'LET'S GET baked', 'HUNGRY?', 'HOME MADE GRANOLA', and 'VEG'. There are wooden tables and chairs in the cafe, and a window on the left side. The overall atmosphere is creative and artistic.

Scratch and Chemical Resistance

A high performance hard coat on the panel's face side provides is extremely resilient against scratching chipping, cracking, warping, staining, peeling and flaking.

Environmentally Friendly

Lustrolite is a modern, recyclable material, created to have as minimal impact on the environment as possible. No Volatile Organic Compounds (VOCs) are produced or released in manufacture or use.

Edging

The edges of lustrolite can be sanded and polished, or fitted with a range of Lustrolite Edge Profiles made from high quality clear anodized aluminium.

Workability and Installation

Lustrolite can easily be worked on in the shop or on-site due to its light weight and durability. It can be cut, sawn, drilled and finished using standard woodworking tools. Compared to tiles and glass, installation is a breeze requiring only double sided tape and neutral cure silicone.

Opacity and Lighting

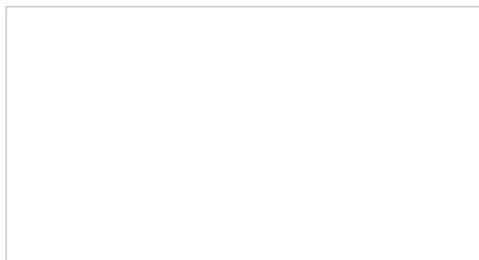

Lustrolite is opaque, however they can be effectively side and top lit. Special lighting accents can also be easily created by routing the colour layer and back lighting the panel. The colour is permanently fused to the clear acrylic layer and is not affected by moisture.

Lustrolite clear can be used for back painting or digital printing custom designs.

Cleaning and Maintenance

Lustrolite is easy to keep clean using warm soapy water and a microfibre cloth, chamois or squeegee. It's hygienic, non-stick surface will not harbour the build up of mould, bacteria, soap or calcium. Due to the large panel sizes, grout is eliminated. The following chemicals had no effect on the panel surface: Spray n' Wipe, Windex Glass Cleaner, Acetic Acid 5%, Citric Acid, Mineral Turpentine, Bleach of Isopropyl.
